941 SENSORS AND ACTUATORS

4 BUTTONS WALL UNIT VANDALPROOF)

Code : **9410101**

Model : **LLC-632**

Description

Antivandalic room peripheral with four buttons: a nurse call button with a red LED, a doctor call button with a blue LED, a nurse presence button with a green LED indicator and an assistant presence button with a yellow LED. This peripheral allows patients to call the nurse with the red button or the doctor with the blue button. Also, it allows the nurse to indicate the start and/or end of their presence in the room by activating the green present/away button, while the green LED allows to identify the presence status of the nurse in the room. Likewise, their assistant indicates their presence using the yellow present/away button. Wall or surface mount.
