912 TV-SAT AND MODULATOR EQUIPMENT

LNB QUAD 4 OUTPUTS

Code : **9120205**

Model : **UE-300**

Description

LNB for offset parabolic antennas. The range consists of universal single, twin and quad LNBs for individual installations; and universal quattro LNBs for collective installations.

Characteristics

Characterised by its high stability in frequency and high gain. The very low noise level provides quality reception in areas of weak signal.
