913 MULTISWITCHES

POWER SUPPLY 13 VDC 913-MB 4/8 POL

Code : **9130163**

Model : **FU-304**

Description
Power supply to feed multiswitches, amplifiers and LNB.

Applications
Used as spare part of the unit supplied along with the final multiswitches of the 913-MB series (models MB-11X and MB-20X since 2015).

Characteristics
Switched power supply. Power supply cables are provided for connection to the network and to the multiswitch or amplifier.
