BLUE CODE BUTTON AND CANCELLATION

Code : **9410083**

Model : **LLC-147**

Description
Wall call unit with medical call button with blue LED indicator and cancellation button. Allows launching a blue code call from the blue call button. Once the call is initiated, the blue LED indicator allows an easy identification of the place from which the call was placed. Allows the cancellation of the call from the cancel button. Recessed or surface mounting.
