NURSE CALL & PRESENCE BUTTON (VANDALPRO)

Code : **9410098**

Model : **LLC-642**

Description:
Antivandalic bed unit with two buttons: a red nurse call button with a red LED and a green nurse presence button with a green LED. It allows to place a nurse call from from the red button. Once the call has been placed, the red LED makes it easy to identify the bed that originated the call, while the green LED informs about the presence of the nurse in the room. This presence is turned on and off with the green presence button. Flush mount in antivandalic box.
