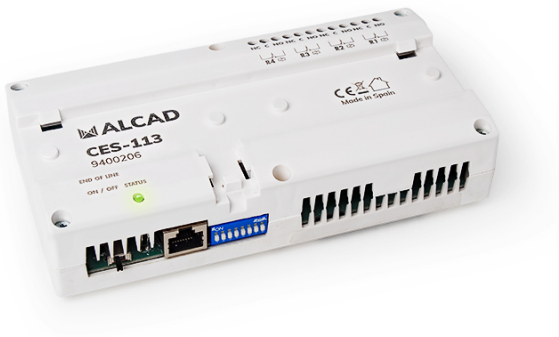
940 CONTROLLERS

CONTROLLER RELAYS IN ROOM RS-485



Code : **9400206**

Model : **CES-113**

CES-113 is a output distributor with 4 internal relays (NO / C / NC) that can switch lights and other devices on and off from ACCURO bed units or pear-type call buttons, which has 2 or 4 buttons to switch lights/devices on and off. Thanks to its intelligent bus integration, it can be self-diagnosed from the Manager.

CÓDIGO-CODE-CODE	9400206
