940 CONTROLLERS

ATTENDO ALARM RECEIVER KIT 1 WC

Code : **9400304**

Model : **KRAB-001**

Description
ATTENDO is the autonomous solution for the generation and reception of warnings for adapted bathrooms and changing rooms and common areas, that complies with the DB-SUA standard of the Spanish Technical Building Code regarding security against the risk of being trapped in enclosures.

Features
The KRAB-001 kit is configured to service 1 adapted bathroom / changing room. Each kit consists of:
- 1 RAB-010 autonomous power station.
- 1 LLC-821 bathroom / changing room pull cord with call and cancellation.
- 1 SEN-121 door top red warning-lamp.
- 1 FAC-050 individual power supply.

However, the same alarm receiver can give service up to 5 adapted bathrooms / changing rooms,providing the required mechanisms are acquired separately.
