

941 SENSORS AND ACTUATORS

AUDIO COM. UNI. BUS DIN8 GREEN BLUE

Code : **9415031**

Model : **MCA-904**

The two-way communication module provides excellent voice communication in those places where it is required and allows emergency calls to be made through handset that would be connected through the DIN8 connector, Presences / Cancellation through the green button and doctor's call through the blue button .

The MCA-xxx modules can be installed at multiple points and controlled by a single control terminal (CHC-401), which allows sensitive material to be moved away from the communicator installation point and to obtain a high degree of protection and security.

ALCAD's communication module can be combined with other ACCURO or LIVERO elements to offer a complete ecosystem.

CÓDIGO	9415031
MODELO	MCA-904
DIMENSIONES	75 x 120 x 45 mm
ALIMENTACION	24VDC
ACABADO	ABS
PULSADOR	Botón verde: presencia y cancelación Botón azul: Llamada doctor
TEMPERATURA DE FUNCIONAMIENTO	De 5°C a 55°C
GRADO DE PROTECCION	IP42
PRESION DE SONIDO	85dB
ALTAVOZ	8 ohm, 1,5W
SIPV2	Session Initiation Protocol Version 2
CÓDEC	G.711 (Ley A) (64 Kbps)
CONEXION DE PERA	DIN8
CONECTOR	RJ-45 /RS-485
