915 IPTV EQUIPMENT

STREAMER HDMI IP

Code : **9150067**

Model : **SH-411**

Description

The SH-411 (HDMI to IP) streamer is a professional solution for the encoding of a H.264 video signal from an HDMI input and the transmission to a multicast stream in an IP network. The SH-411 is capable of transmitting 1080p Full HD and is ideal for distributing video content in large buildings such as schools, hotels, hospitals, shops, shopping malls and digital signage applications.
