IP67 NURSE CALL WITH LIGHT

Code : **9415016**

Model : **LLC-751**

Description:
Call and light-control handset with male DIN-8 connector for LLC-8xx and LLC-9xx wall bases. Easy to clean thanks to the antibacterial coating on its front panel and its IP67 protection rating. Its red Braille button makes it easy to call nursing staff, and it also features two additional buttons to control up to two room lights. The red LED indicates the call status and the yellow LED shows the connection status.
