941 SENSORS AND ACTUATORS

ACTIVE TAG IP67 FOR OBJECTS

Code : **9415051**

Model : **SDI-116**

The SDI-116 Beacon is ideal to allow asset tracking and access control. Equipped with a CR2477 battery, which guarantees a service life of up to 3 years.
Water resistant Submerged up to 1 meter for up to 30 minutes. Dust-proof ability to withstand dirty environments and can be easily cleaned IP67.

CÓDIGO-CODE-CODE	9415051
MODELO-MODEL-MODÈLE	SDI-116
Color carcasa Case color Couleur	Blanco White Blanc
Batería Battery Pile	CR2477– 1100mAh
Vida útil batería Battery lifetime Durée de vie de la pile	1 año (en ajustes por defecto) sin autodescarga 1 year (at default settings) without self-discharge 1 an (avec les paramètres par défaut) sans auto-décharge
Tensión operational Operational voltage Operational voltage	1.8~3.6V DC
Corriente media Operational voltage Courant d'opération	50uA (defecto, default, défaut)
Índice de protección Protection IP Protection IP	IP67
Rango transmisión Transmission range Transmission	150m (+4dBm) max
Antena Antenna Antenne	Cerámica, ceramic (50Ω)
Temperatura operacional Operating temp. Température de fonctionnement	-25°C to +60°C
Tamaño Size Dimensions	48x48x14,7mm
