974 ACCESSORIES FOR ENTRANCE PANELS

DOBLE HOOD FOR 10 WIND.FRAME. 17-18 ST.

Code : **9740268**

Model : **VIS-320**

Description
Accessory for entrance panel. Use visors to protect the entrance panel from inclement weather, such as rain or snow.

There are visors for single, double or triple entrance panels, so it is possible to combine several entrance panels. Remember that to align the panel perfectly you have to use separators for flush-mounted box.

It is also recommended to seal the visor to the wall with a joint sealing compound or silicone, depending on the material of the façade.

This visor is suitable for a 10 windows double entrance panel (17-18 storeys)
