963 DOOR ENTRY SYSTEM MONITORS

HANDS-FREE 7" 2-W ENARA MONITOR WIFI

Code : **9630088**

Model : **MVC-152**

CONNECT WITH YOUR FREEDOM
Enjoy your independence and answer all calls to your video door entry system from your mobile phone, wherever you are.
Thanks to the Enara 7□□ Wi-Fi monitor, no one will know if you are not at home: your home will be safer and you will be able to carry on with your plans.
And without missing a single detail: the unanswered call recording function allows you to record an image or video of the person who has been to visit you, recording the time and date on which it occurred.
Its backlit touch buttons ensure reliable and long-lasting operation because there are no electrical contacts or moving parts, preventing the accumulation of dirt. The monitor keeps an automatic visual record of visitors whose calls are unanswered. When a call has not been answered, the monitor automatically saves an image of the person who has made the call. With ACTIVE VIEW Technology, Colours as you had never seen before. Our monitor offers astonishing quality, more vivid colors and a sharper image, thanks to its latest technology.
