

998 MECHANICAL ACCESSOIRES

UPPER TURRET SECTION, 2.5M HIGH

Code : **9980139**

Model : **TS-125**

Description

Triangular shaped tower, formed by several intermediate sections and an upper section where the antenna mast is fixed. The tower is fixed to the roof or floor by means of a tower base which can be fitted into the roof or floor or secured by metal bolts. The tiltable base allows the tower to be lowered for maintenance work.

Applications

Installations where a high elevation for the antennas is required or where traditional antenna masts do not offer sufficient strength.
