SPEAKER VOICE SYNTHESIZER MODULE

Code : **9770067**

Model : **RVE-021**

Description
Module with loudspeaker and microphone for entrance panel. It has an 8 ohm speaker with plastic membrane to prevent deterioration over time in outdoor conditions. Also, the robustness of the electret-type microphone against humidity and heat make this module a virtually indestructible assembly. Voice synthesizer with "Door open" message configurable in 14 languages.
